

NEW CLASS AT PHOENIX COLLEGE!!

BIO 181 Hybrid

Phoenix College, Fall 2007

In addition to the traditional BIO 181 in-class courses, students have now the option to take BIO 181 (General Biology for Majors I) as a hybrid class at Phoenix College. Students taking the hybrid class meet only once every week in the classroom, and once a week in the lab (BIO 181 lab, Laboratory for BIO 181). The remaining weekly activities are completed on-line, with the subsequent reduction of in-class and commuting time.

The class is scheduled for the Fall 2007 as section #0475 on the following day and time:

Tuesday 11:00 – 12:15 PM in classroom C-212

The course requires access to a computer and to reliable Internet. The course meets in the classroom (C-212) every Tuesday from 11:00 – 12:15 PM; students must allow time every Thursday to complete on-line activities and assignments, which should be processed through WebCT. For more information, check the Phoenix College Spring '07 Class Schedule or contact Anna Martí-Subirana at (602) 285-7874 or @ ana.marti-subirana@pcmail.maricopa.edu
