# GERALD TRAUT ENVIRONMENTAL BIOLOGY SCHOLARSHIP

---

---

\$500 scholarship will be applied towards the tuition for the following school year. Total number of awards varies depending on funds available.

## REQUIREMENTS AND INSTRUCTIONS

- Complete an application and submit it to the Phoenix College Biology Department by Monday, April 27, 2009. Incomplete applications will not be considered.
  
- Applicant must have completed 12 semester hours of college credits with a cumulative GPA of 3.0 or higher.
  
- Applicant does not have to be a Phoenix College student at the time of application submission. Awarded applicant(s) must be a full-time student at Phoenix College taking at least one biology course.
  
- Submit unofficial transcripts from college(s) attended.
  
- Submit an essay of 750 words maximum. The essay should relate interest and passion in ecology and environmental biology including experiences that illustrate that interest. Candidates also will explain their future goals, which do not need to be restricted to ecology and environmental biology. The narrative should be single spaced, 1" margins on all sides in 12 point font.
  
- Submit two letters of recommendation (not more than one year old).
  
- You may download the application from the Biology home page, [www.pc.maricopa.edu/biology](http://www.pc.maricopa.edu/biology).

Applicants will be notified of the status of their application. In most cases those selected will be invited to attend an awards ceremony at some point in the school year. If you have questions or need assistance, please feel free to contact the Phoenix College Biology Department at 602.285.7100
