PERSISTENT LINKS TO ARTICLES
GENERAL INSTRUCTIONS

You can link to full-text articles from PC Library’s databases to create dynamic reading lists for your students!

Here are simple instructions on how to create persistent links from our most popular databases. If you would like to create a persistent link to a database that is not listed here, please contact Michelle Dyer-Hurdon (michelle.dyer-hurdon@pcmail.maricopa.edu) at 602-285-7823.

EBSCOhost Instructions for:
Academic Search Premier (All Disciplines)
Communication & Mass Media Complete
Business Source Premier
Health Source - Consumer Edition
Health Source: Nursing/Academic Edition
MasterFILE Premier
PsycARTICLES

1. From a search results page, select the hyperlinked TITLE of an article.

2. Citation information is displayed and the "Persistent link to this record" is provided after the citation/abstract.

3. Copy and paste this link into your document.

4. Enter the library proxy address (http://ezproxy.pc.maricopa.edu:2048/login?url=) followed by the URL you copied in the previous step.

This ensures that students working from off-campus can view the article.
The article reports that Mars Petcare has recalled dry dog and cat food due to the risk of salmonella contamination. The food, which was produced at Mars Inc.'s plant in Everson, Pennsylvania between February 18 and July 29, 2008, carries several brand names, including Pedigree, Members Mark, and Wegman's Pet Pride.
Gale Instructions for:
Academic OneFile & General OneFile

1. From a search results page, select the hyperlinked TITLE of an article.

After the citation information, you will see a link to “Bookmark this Document”.

2. Click on the “Bookmark this Document” link. A new window will open with the URL to use in your document.

The URL for the persistent link to this article is:

Persistent links in ProQuest databases are called Document URLs.

1. From a search results page, select the hyperlinked TITLE of an article. Alternatively, select the article “Text” or “Text+graphics” version.

2. Citation information along with the article is displayed. The “Document URL” is also provided. These can be very long.

3. Copy and paste this link into your webpage.

4. Enter the library proxy address (http://ezproxy.pc.maricopa.edu:2048/login?url=) followed by the URL you copied in the previous step. This ensures that students working from off-campus can view the article.

Example:

WilsonWeb Instructions for:
Current Biography Illustrated
Education Full-Text

1. Find the article for which you want to create a link.

Options for saving the link in either HTML or PDF are located at the bottom of the record by the heading “Persistent URL”.

2. Hold your cursor over the desired link and right click your mouse.
You will then select (depending upon the browser being used) Copy Shortcut (IE), or Copy Link Location (Firefox).
3. Enter the library proxy address
   (http://ezproxy.pc.maricopa.edu:2048/login?url=) followed by the URL
   you copied in the previous step. This ensures that students working
   from off-campus can view the article.

The URL for this persistent link to the PDF full text article is

Links are usually persistent, but NOT necessarily permanent. Links may
become non-functional after a certain period of time, but usually they last at
least one semester.
