

MARICOPA COMMUNITY COLLEGES Dual Enrollment Tuition Assistance Program

The Dual Enrollment Tuition Assistance program is offered for Arizona high school students attending Maricopa Community Colleges in dual enrollment programs.

Student recipients must demonstrate “financial need” by completing the Dual Enrollment Tuition Assistance application and providing documentation of household income using the most recent year’s signed income tax return for the parent or guardians. Financial need will be indicated if household income falls below 200 percent of the U.S. Health and Human Services Poverty Guidelines.

- Under Arizona state law, a person who is not a United States citizen or who is without lawful immigration status may not receive tuition assistance through this program.
- Tuition assistance may be applied toward resident tuition and registration fees in dual enrollment courses only. Students are responsible for all other fees and charges.
- Tuition assistance will cover a maximum of eight credit hours per student per year for all Maricopa Community College dual enrollment courses.
- Students must complete the first semester in which they enroll with a grade of A, B, or C in order to receive tuition assistance for the following semester.
- Withdrawal from a course funded by the Dual Enrollment Tuition Assistance program after the last date for Official Course Withdrawal will disqualify a student for any additional tuition assistance while in high school. A disqualified student may request reconsideration based on extenuating circumstances. The award of additional aid will be at the college’s discretion.
