# General Information

## SCHOLARSHIPS AT PHOENIX COLLEGE

Congratulations! You have taken an important step towards preparing for your academic future by seeking scholarship resources to help cover your educational expenses. We have designed this booklet with students in mind and hope that you find it friendly and easy to use. As you look through its contents, you will notice we have organized all scholarship listings by the following section headings:

- Scholarships for First-Semester College Students
- Scholarships for Re-Entry College Students
- Scholarships for Continuing College Students
- Scholarships for Transferring or Graduating College Students

Many of the scholarships listed in this booklet are for students who plan to attend Phoenix College (PC) for the Fall and Spring semesters of the 2004-2005 school year (see listings under "First Semester College Students," "Re-Entry College Students," or "Continuing College Students"). There is also a section listing scholarships for students who are transferring or graduating from Phoenix College and will attend a four year university (see listings under "Transferring or Graduating College Students"). We hope that this booklet is helpful to you, and wish you much success in attaining your goals at Phoenix College and beyond.

## HOW TO APPLY

There are approximately 150 scholarship opportunities listed in this booklet which all carry different deadline dates and call for different scholarship applications to be completed. While some scholarships will require you to complete a special application available at any number of locations such as campus departments or the world wide web, you will find many of the scholarships listed require you to complete the **General PC Scholarship Application** and submit it to the PC Financial Aid Office (FAO) **by the deadline**, to qualify for consideration. For your convenience, all **PC scholarships** are designated in **bold type** throughout the booklet.

Any Special Application procedures will be noted in the scholarship boxes marked "Contact Information" under each scholarship heading. **Please read all scholarship descriptions carefully to be sure that you meet all of the basic criteria.** You may apply for as many scholarships as you wish, but you must submit a separate application for each. If you have questions, call the Office of Alumni & Development/Scholarship Relations at **602-285-7666/7667**. Copies of the PC General Scholarship Application are available in the FAO. For applications requiring the **Federal Student Aid (FAFSA) form**, contact the Financial Aid Office in PC's Hannelly Center.

## FILLING OUT APPLICATIONS -

Most scholarship applications will require you to submit a written statement, also referred to as a Personal Statement. In most cases, your application is only as good as your Personal Statement! Spend time on this portion of the application. Remember, this is your chance to present yourself to the individual or group granting the scholarship, so be very clear on your answers. Criteria will vary from scholarship to scholarship, and it is important to address everything you are asked about in your writing. For example, some applications may ask you to cover the following:

- Your personal goals.
- Your academic and career goals.
- Your volunteer experience.
- Your cumulative GPA.

If you are required to complete the **General PC Scholarship Application**, **at least two letters of recommendation are required**, and **one copy of your unofficial transcripts must be attached to each application.**

## HELPFUL HINTS

- Type the application. Stay away from using fancy or elaborate fonts - they can make your application difficult to read.
- Be sure to address **all the criteria** listed in the application.
- Do not write on the back of the forms; use and attach additional pages if necessary.
- Proofread, proofread, and proofread your application! Using proper English grammar and punctuation is essential when applying for any scholarship. Ask a friend or instructor if they would look over your personal statement and application to check for errors and readability before it is submitted.

## GLOSSARY OF TERMS USED IN THIS BOOKLET

**Continuing College Students:** Enrolled at PC this semester and planning to re-enroll next semester.

**First-Semester College Students:** Not yet enrolled but planning to attend college for the first time next semester.

**Minimum Enrollment:** Refers to the minimum hours students must be enrolled in any semester to qualify for a scholarship.

**Re-Entry College Students:** Non-traditional students, age 24 and older who have had at least a 3 year break between high school and college. May be a new or continuing student.

**Transferring or Graduating College Students:** Graduating from PC or planning to transfer to a college or university.

## TYPES OF FINANCIAL AID

**Campus Employment:** The Federal Work-Study program allows you to work part-time in a job to earn money to help pay for education costs. PC provides various opportunities for work-study on campus.

**Federally Funded Grants:** These include Federal Pell, State Student Incentive and Federal Supplemental Educational Opportunity grants, which are based on students' calculated financial need. Grants do not have to be repaid.

**Federal Student Loans:** These include Federal Stafford, PLUS and Federal Perkins loans, each with different requirements and criteria. Loans must be paid back after you either finish school or drop below half-time enrollment.

**Scholarships:** Sources include private businesses, corporations, foundations and individuals. PC's Office of Alumni and Development/Scholarship Relations (OAD) posts scholarship notices in Hannelly Center when they become available. Donors and deadlines vary, and criteria may be based upon academic or athletic excellence. Check with the OAD for specifics. Scholarships do not have to be repaid.

## TRANSCRIPTS

Most scholarships listed will ask you to attach **academic transcripts** to your application(s) if you are currently enrolled or have attended college previously. Unofficial transcripts are acceptable in most cases (such as with the **General PC Scholarship Application**), but copies of report cards are not. First-Semester or entering freshman should attach a high school transcript.

## APPLICATION DEADLINE

The application deadlines stated in this book will vary depending on the scholarship for which you are applying. **Please refer to the row designated "Deadline" in each scholarship listing.** For all **PC Scholarships** listed, applications, attachments and letters of recommendation **must be received in the FAO by 7:00 p.m. on their due date.** Any materials received after the deadline will not be considered. All application materials, including letters of recommendation, must be submitted together, not separately.

## PC SCHOLARSHIP WORKSHOPS

Several times throughout the year, PC offers free comprehensive **Scholarship Workshops** designed to provide students with valuable information addressing such items as:

- Writing your Personal Statement
- Tips on applying for scholarships
- What is Financial Need?
- What are some of the best places to find scholarship leads?

Keep watch for future **Scholarship Workshops** throughout 2004-2005. For information about workshops, call (602) 285-7305 or (602) 285-7666.

## PLAGIARISM AND APPLYING FOR SCHOLARSHIPS

With regards to scholarships, plagiarism is considered an academic misconduct. According to the 2003-2004 Phoenix College Student Handbook, plagiarism includes, but is not limited to, "the use of paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgement. It also includes the unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials." Any application found to include plagiarized materials will be subject to review by college officials for appropriate action.

## SUGGESTED TIMELINE FOR APPLYING

### ONGOING

- ✓ Review listings in this Scholarship Booklet and continue to look for other scholarship announcements outside the FAO in Hannelly Center. Also check the PC website at [www.phoenixcollege.edu](http://www.phoenixcollege.edu).
- ✓ Attend a PC Scholarship Workshop (check for dates/times offered).
- ✓ Choose scholarships for which you wish to apply.
- ✓ Work on Personal Statement.
- ✓ Request recommendation letters from sources.
- ✓ Request transcripts.
- ✓ Complete and Submit Application(s) with all required attachments by designated Deadline(s).
- ✓ If awarded Scholarship(s), send Thank You letter(s) to Donors.
- ✓ Don't forget to Thank those who wrote recommendations for you.

The scholarship selection process takes from four to eight weeks to be completed. Every effort will be made to notify students who apply for scholarships in this booklet of the status of their application.

**Wishing You Much Success in all Your Scholarship and Academic Endeavors!**

# Additional Information

While we have tried to include a variety of different scholarships in this booklet, they are by no means the only scholarships available. There are numerous scholarships awarded by many other businesses, corporations, and organizations in the community. Your best source for scholarships is always "local."

Another resource located in the reference section of the **PC Library** is the book, "Scholarship, Fellowships and Loans" by S. Norman Feingold and Marie Feingold (catalog number REF. LB 2338 F4). The library has several other books about scholarships and grants in the reference section. **Additional scholarship listings are posted regularly on the bulletin board just outside the FAO in Hannelly Center.** If you are planning to transfer to another college or university, you should contact the Financial Aid or Scholarship Office at that institution to inquire about what scholarships are available. Many schools publish their own scholarship booklets.

The world wide web is another valuable resource, but we caution you to beware of scholarship web sites that charge money to access their information. The following scholarship search web sites are available for FREE use. Also, please note, web addresses are subject to change :
