President’s Welcome

On behalf of the Phoenix College ASID Student Chapter, I would like to welcome each and every one of you to the Interior Design Program. Whether you are a new student or returning for your final semester, new challenges await us. We would like to thank all of our members for making the past semester successful. Last Spring our members participated in the ASID Student Project and the Home Show and were very successful in their endeavors. We also had a wonderful turnout at the Feng Shui Seminar and the tour of Taliesin West and the Scottsdale Design Center. This semester the members of the ASID Student Board are planning more fun and educational activities.

If you are not already a member, Phoenix College ASID would like to invite you to join as soon as possible. As a student member, you will benefit at the classroom level as well as finding many inroads to the design industry. Membership dues are $35.00 and if you join now, your membership will run until December 2003. Please fill out the enclosed application and include a check for $35.00 made payable to ASID and turn it in to Mr. Ken Roberts. (Do not send directly to National ASID offices.)

Take advantage of this wonderful opportunity. Although challenges await us I encourage you to set and reach your goals and I look forward to meeting you all this semester.

Krista Rohe
PC ASID Student Chapter President

We have just the cure for your ills, ...a Power Weekend. Starting on Friday October 11th from 1:00pm until 5:00pm Mr. Ken Roberts will teach a refresher course in Auto CAD. (This workshop in for those who have already taken an Auto CAD class and want to brush up on their skills.)

On Saturday October 12th from 9:00am to 1:30pm, Ms. Cherise Loeben will teach a PowerPoint presentation class in the campus Library.

Get your skills and portfolio up to date and marketable.

This Power Weekend is FREE for ASID members and $10.00 per day or $15.00 for both days for non-members.

Volunteers—Like YOU

Our chapter events happen only due to the hard work of many volunteers.

Whether you are a new member, an “old timer”, Professional, Allied, or Industry Partner, your chapter needs your help! Student members are needed for many committees as well.

Get involved and meeting wonderful people! Remember that chapter leadership comes from people who have volunteered for committees in the past.

Contact me by phone or email if you are interested in being a part of any of these committees.

Even if you don’t want to do “a lot” there are ways you can volunteer.

Everyone is welcome to participate in the planning and execution of the activities of YOUR Arizona North Chapter events and programs.

If you are one of the many people who have already volunteered—thank you!

T-shirts and canvas tote bags, featuring the Phoenix College Interior Design logo are available through the Applied Arts and Human Sciences Department Offices (DB 310). The cost for each is $12.00.

Ask an ASID board member or Mr. Roberts, or see the display case outside DB 301 for more information.

In addition to the programs and events for the general membership, we once again have some programs especially for our student members. At this time I want to give you highlights and dates so you can mark your calendar.

The Student Leadership Gathering, October 18, 2002 from 1-4 pm at Phoenix College. The Student Leadership Gathering brings student chapter officers together with members of the Chapter board of directors. The purpose is to give student leaders information about the Society, the Chapter events, and learn valuable leadership skills. Other student members will be welcome.

Student Design Competition. $3000 has been budgeted for awards for the 2002-2003 competition. Once again, the chapter will provide challenging residential and commercial projects for student solutions. More information about the competition will be forthcoming at the Gathering.

Student Career Day. Tentatively scheduled for April 4. Competition awards will be presented and a program of interest to all students is in the early planning stages. Location and time will be announced in 2003.

Students are also encouraged to attend chapter meetings. A tentative calendar is enclosed in this newsletter. In addition, there are other ways that students can participate in other chapter activities. Numerous “house hosts” will be needed for the three houses on the Tour de Noel tour. Students can also volunteer to help with some of the many areas of responsibility for the chapter awards event and Campus ‘03 Education Day.

This is going to be an exciting year for our chapter and I look forward to interacting with the student chapters! If you have questions, please email me.

Good Luck with your new year and see you at the Student Gathering.
